

AVEBURY 15, 22 JULY 2008 FORMATIONS STUDY OF ASCENSION HARMONICS

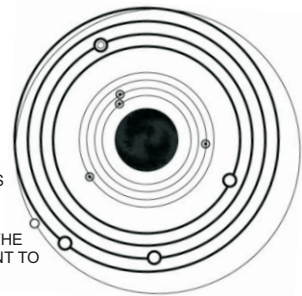

- Formations prepare Avebury "Resh" for the 8-8-08 "ALIKAR GRID" upgrade beginning. Links to the 8-8-8 formation center.
- An alternative interpretive "template" over-ly could have this as the New Earth-Star program installing in the Avebury RESH. This is the approach taken here.

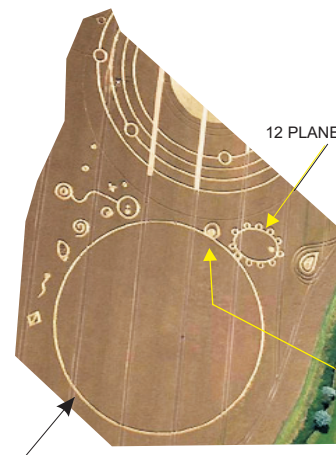

THESE TWO SYSTEMS CRITICAL IN MANAGING THE WHOLE AVEBURY ASCENSION MATRIX

LEY LINK TO THE KEY 8-8-8 FORMATION CENTER VIA SILBURY HILL CENTER, LOADS THE ALTON BARNES WHITE HORSE PRIMARY POLE, CREATES THE CRITICAL INITIAL GLASTONBURY GRIDS.

LEY LINK TO WHALE/HUR'ATON BEE MAIN AXIS TO THE ALTON BARNES WHITE HORSE POLE, LEY TANGENT TO SILBURY HILL AND AVEBURY HENGE. (ARROW DIRECTION: LEY ON 178° T.)

4 OUTER PLANET SHELLS
8 INNER PLANET SHELLS
(4 "ATOMA FIELD" PLANETS?)
STRANGE OBJECT AND ORBIT

12 PLANETS IN A TORUS

2 MOONS AND PLANET CONJUNCT

GREEN SPROUT WITH A VIOLET BLOSSOM IN THE CENTER... NEW "TRUE VINE" FROM HOOKED-X.

PROGRAMMABLE SYSTEM PROJECTS A STAR-BIRD ARK IN THE OTHER, PLANETARY FORMATION. THESE 2 SYSTEMS ARE IN THE HOOKED-X HORIZONTAL TELEDISK SPINNER, AS A GYRO AROUND THE CENTRAL AXIS. THIS SYSTEM IS PROBABLY A TORUS AXIS WITH PLANETS IN THE TORUS.

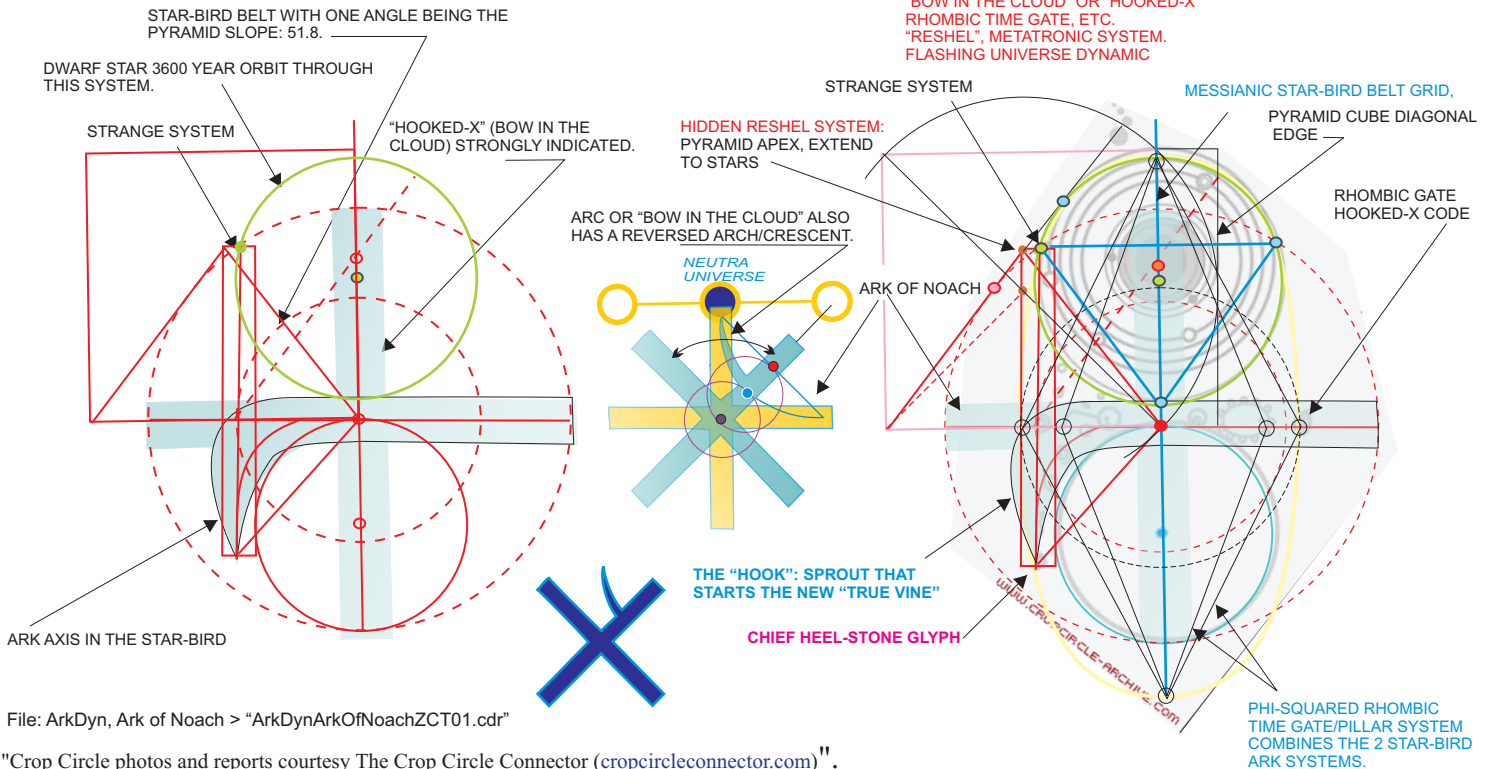

THEORY

SUMMARY: THIS SYSTEM APPEARS TO HAVE METATRONIC UNIVERSE "NEW EARTH-STAR" ASCENSION (TRANSITION) PROGRAMS WHICH BEGIN IN 2008 INCLUDING THE 8-8-8 BEGINNING IN THE X'TAPAS LEY FROM ANGKOR WAT TO THE GULF OF MEXICO THROUGH BEIJING (OLYMPICS) KEYED THROUGH THIS "ALIKAR" GRID INCLUDING GLASTONBURY.

THE STELLAR SYSTEM INVOLVED IS RIGEL IN ORION. THE "ALIKAR" EXPANDS IN 2010 USING A GRID OF OVER 50 FORMATIONS AND THE ORION-SIRIUS HENGES IN N. ENGLAND.

SYSTEMS INVOLVED:

- STAR-BIRD BELT GRIDS (FORMS STAR ARKS)
- ARK OF NOACH-CHEN ("NOACH'S ARK")
- "BOW IN THE CLOUD" OR "HOOKED-X"
- RHOMBIC TIME GATE, ETC.
- "RESHEL", METATRONIC SYSTEM.
- FLASHING UNIVERSE DYNAMIC
