

“APHATHETA” METATRONIC BREASTPLATE (THE FILLING OF THE CUP)

WORKSHEET #2: PARABOLA HEART SYSTEM

(CUP FORMS BASIC RESHEL GRAIL)

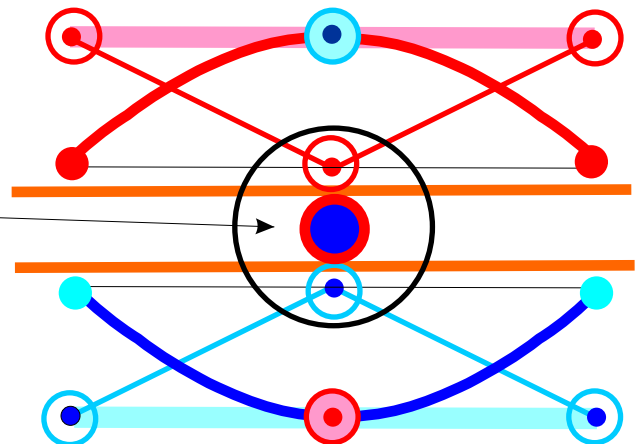

NONPHYSICAL UPPER SYSTEM

PARABOLIC CURVE SHOWING RESHEL'S CUP

THE MALE/FEMALE UNIFIED HEART (APHATHETA) FORMS THE KA'TIIM SPHERE IN THE ARK. THE PRESENT THEORY IS THAT ITS CENTER IS THE BLUE HOLE IN THE ATOMA CENTRAL POINT IN THE TORUS (BLACK AND WHITE HOLES ALSO THERE). EXPERIENCE INDICATES THAT A RED SPHERE INTERFACES WITH THE BLUE AND IS THE KA'TIIM SPHERE.

Aphatheta: a range of parabolic frequency: the “filling of the cup.”

Thoth: “Parabolic curve showing Reshel’s cup” is creating point of “sight” in the “Eye of God.” It is the point where the Universe “sees through” the “black hole pupil” in the Attasic. This dynamic is active in the displacement on the surface of the Giza pyramids (of the past with their brilliant white, smooth crystalline surfaces) of the “Shadow Halls of the Stars.”
