

SOLSTICE SOLAR-LUNAR HARMONIC RESHEL

AN ALMOST PERFECT HARMONIC OF EARTH, MOON, SUN USING THE METATRONIC RESHEL (TECHAD) BREASTPLATE USED FOR THE CONTINUUM TRANSITION. (IT MAY EVEN BE PERFECT WHEN CONSIDERING THAT IT ALSO FORMS THE ARK.)

THE PENT-STAR ESSENTIAL HOLOS SYSTEM OF THE SOLAR RESHEL LITERALLY FILLS THE LUNAR GRAIL WITH ITS PENTA-APEX IN THE LUNAR CUP'S RESH POLE (TIME GATE SYSTEMS INCLUDED).

PHOTO-ART: SOLAR-LUNAR TELEPLANE

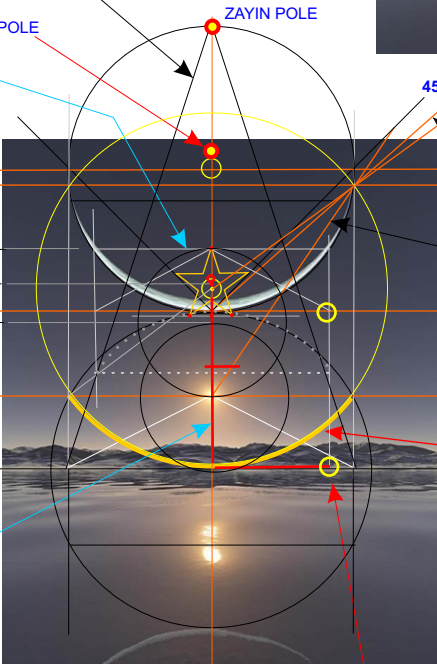

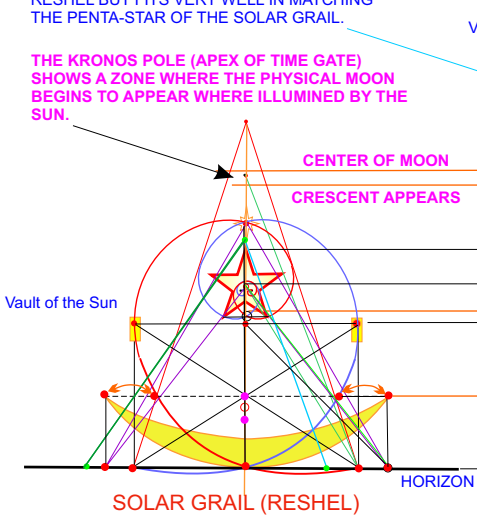

THIS LINE SAYS THAT THERE IS A 3RD RESONANT RESHEL INCLUDING THE BASIC TWO, WHERE ITS POOL OF THE MOON POINT IS DETERMINED BY THE UPPER LIMB OF THE PHYSICAL MOON OR CRESCENT IN THE LUNAR SYSTEM. THE POOL OF THE MOON IS IN THE THRESHOLD OF SYTHIA OF THE SOLAR RESHEL.

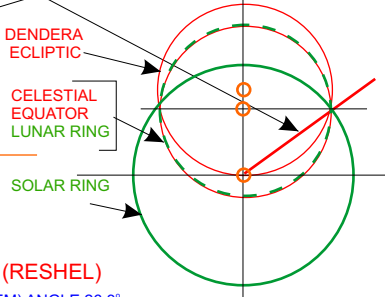

LUNAR GRAIL (RESHEL)

THE HARMONIC LUNAR SYSTEM IS SLIGHTLY SMALLER THAN THE SOLAR RESHEL BUT FITS VERY WELL IN MATCHING THE PENTA-STAR OF THE SOLAR GRAIL.

THE KRONOS POLE (APEX OF TIME GATE) SHOWS A ZONE WHERE THE PHYSICAL MOON BEGINS TO APPEAR WHERE ILLUMINED BY THE SUN.

35.95° DENDERA CEILING ANGLE BETWEEN THE TWO EQUATORS.

SOLAR GRAIL (RESHEL)

"NUUR" (BETHLEHEM) ANGLE 26.3° IN THE RESHEL, USING THE SUN AS THE RESH POLE, SIZE BASED ON THE MOON'S IMAGE SIZE.

THE SHIN POLE IN THE MOON, AS A RESONANT RESHEL CRESCENT, VERY NEARLY MATCHES THE TSADEY (GLORY) POLE OF THE SOLAR RESHEL.

SYNCHRONICITY?

THE "LAMEK" GRID FEEDING THE ROSSLYN CHAPEL NE PARHELIA "DRAGON'S EYE" FORMS A MULTIPLE OR "YUD" RHOMBIC TIME GATE THAT UNITES THE SOLAR AND LUNAR RESHEL SYSTEMS HERE.

(THE LAMEK "YUD" IS SIZED HERE TO FIT THE SOLAR RESHEL. THE YUD'S "THUMB" IS VERY NEAR THE RESH POLE OF THE LUNAR MALE RESHEL CUP. THIS "OPEN HAND" (4 'L'S) RADICALLY EXPANDS THE CAPABILITY OF THE LUNAR SYSTEM.)

POOL OF THE MOON IN THE SOLAR RESHEL MATCHES THE THRESHOLD OF SYTHIA IN THE LUNAR RESHEL.

ABOVE GEOMETRY ALSO REVEALS THE ARK

RESH: CHIEF HEAD STONE (BASIC BETHLEHEM ANGLE GRAIL FORMAT)

- ARK GRAIL CUP CONTAINS THE CLOUD (SHI'IM FIELD)
- ARK COVER ("SEAT")
- ARK OF GRACE
- ARK OF EBEN COVER

HEBREW LETTER ALEPH (TAURUS GLYPH)
